

POSITIVELEE PEILIN

The King Has Returned

Instructions: 1) Print this page out. 2) Cut around the lion's mane 3) Paste the lion's face onto the paper plate. 4) With a penknife or scissors, remove the red portion of the mouth. 5) Cut a line along the length of the toilet roll core leaving about 1.5 - 2cm. 6) Push the cut end so the 2 sides overlap. Push and overlap as much as you can without tearing the uncut end. This creates a funnel so that roars are louder! 7) Tape or glue the overlap to keep it in place. 8) Put glue on the circumference on the uncut toilet roll and paste over the hole of lion's mouth you cut earlier. 9) Now, roar as loudly as a lion!
